The Rain Fakir's Failure.

MELBOURNE, the rain fakir, has finally | which takes no account of consequences. given up his job at Cheyenne. He was under contract to produce rain within ten days for a lump sum. He went up when he was supposed to be sweating if ever much moisture he exerted himself he could get none from the clouds. So he s was going to take a good long sleep. He did not want to talk to any one.

Faith in rain-making by artificial methods is not at a premium in Wyoming. MELBOURNE'S followers are now not to be counted. He managed to gain some believers in his powers by apparently manipulating the clouds at favorable times and obtaining some showers. But this Cheyenne test was too much for

him and for them. In a dry season and an arid climate, when ordinarily no rain can be reasonably expected, are the time and place where rain manufacture would be valu- of the world. Then seeming production of a downpour under other conditions is not satisfactory evidence of the professor's eral columns of reports from correspond-powers. The rain may have fallen if he had done nothing. But when prospects. They show that the outlook the grass is burned out and for the farmers is good and the prospects

Utab, or Wyoming or Arizona, if MEL-BOURNE or any other person can work up the clouds and make them burst to rewards will be ready for the worker of

What MELBOURNE may claim to have one in Australia, or in any state of the Union where rain in summer is not un-common, does not count. The test under which he has failed is the crucial one. He has been weighed in the true balance and has been found wanting. He had better pack that carpet sack which contains his purported hidden mystery, and tains his purported hidden mystery, and try to make dollars out of rain in some if we draw our own conclusions. other locality than the arid region of the

Not a Party Question.

5.00 silver comnage bill was passed by the sex, has been the usual penalty for kissing, but one couple kicked and appealed, with the foregoing result and a conse-There was a bill of that kind before the quent black eye for Cupid. House of Representatives, having passed the Scoate, in 1890 and on the 19th of June it failed to pass the House, the vote lished a protest against the practice of being yeas 135, nays 152. But the Republican party cannot be credited with listening to appeals for the pardon of the measure in any way, because a majority of Republican congressmen were gested, which is merely to transfer the

The question of free coinage can scarcely written applications, be called a party issue. While it is true that the demonetizing act of 1873 was a Republican measure, and that there have times the timber planted yearly. At this always been Republicans enough to derate the forests will soon be denuded. The Hanano reserves the right to append icat any genuine attempt to bring relief. But Shoreham, has not yet sent his congratuas there are free silver men, and just now it the common wealth. ems impossible to convince the former that the unlimited coinage of silver will

not bring about financial ruin. expediency. There are selfish interests delphia last Sunday on the subject of at work on both sides, but there are also many honest and sincere advocates of each, who are not biased by any personal considerations and are not goldites or silverites from any party obligations.

The Republican party could have restored silver to its former position as money; was rushed through. silver to its former position as money; the Democratic party can do that now, But neither party favors it sufficiently at present to make it a party question.

Medical Examinations.

To the Editor of The HEBALD:

Has the Medical Board abrogated the eleventh section of the medical law? And can a non-graduate who has been only five years in the United States be admitted to examination before the board and processes a certificate for a ten years practice? Please answer through your columns when produces should also the place of passion and every principle.

The foregoing has been received from a wise will understand and not misjudge both questions. The medical board of examiners has not the power to abrogate The advocates of free silver coinage are a law or any part of a law, Section Mexican war still on the pension lists, clear in their minds that the proper ratio eleven of the act to regulate the practice and 7,282 widows of soldiers who took between the two metals when coined into of medicine requires of non-graduates part in that conflict. money is 15% or at most 16 to 1. They of medical colleges a continuous prachave good reasons and ages of experience tice for ten years in this territory on which to base their conclusion. The most radical among them, filled with this cate. That needs no explanation. Five conviction, cry out "No compromise, no years residence in the United States will styles. change of the ratio, let us have what is not answer. Nor will ten years unless the practice has been for that time in Utah.

exactly just, it is better to yield a little years practice unless it be for the pracand gain something than to stand stiff tice of obstetrics only. Practice in the and lose everything. It looks just now erritory previous to March 10, 1892, ento be almost certain that the SHRRMAN titles the practitioner to a license for that iaw, or that part of it which requires the purpose, on furnishing satisfactory evimonthly purchase of 4,500,000 ounces of dence of such practice and paying a fee of
